Kulpati Dr. K.M. Munshi: His Mission & Vision

Bhavan's Founder President
Kulapati K. M. Munshi
(December 30, 1887 to
February 8, 1971)

Let me once more set forth the Bhavan's faith for the benefit of new students and members, for it is necessary that they should understand it clearly and imbibe its spirit.

The Bhavan stands for the reintegration of Indian culture.

In a world falling to pieces under the impact of an amoral technological avalanche, it tries to hold fast to the fundamental values for which our culture stands — Rita, Satyam, Yagna and Tapas.

Faith in God who informs the Cosmic Order.

Truth which is accord between mind, word and deed;

Dedication which offers all movements of life as an offering to God;

Sublimation which purifies the body and mind and transmutes instincts, passions and emotions into things of beauty.

This, regardless of forms and doctrines, is Dharma the threefold aspects of which are SATYAM, SHIVAM, SUNDARAM — Truth, Love and Beauty.

For these values our forefathers lived and died. So did Sri Ramakrishna Paramahansa, Swami Dayananda, Swami Vivekananda, Gandhiji and Shri Aurobindo, among the moderns.

These values are embedded in our national outlook.

We command the respect of the world because of them.

We can look forward to the future with confidence only because they have the vitality which gives the power to vindicate their validity even in this fear and avarice-ridden age of ours.

We, the Bhavan's family, whether it is smaller one or the large one, must make every effort in restoring an awareness of these values in personal and collective life.

Principal's Message

Early childhood education assumes great importance because researches across the globe have proved that maximum development of the child takes place up to 5 years of age. At the sub junior wing of the school that is Balwadi, it is our earnest endeavour to provide the right atmosphere for the development of the child's intrinsic capabilities. The approach at Balwadi has been to create an atmosphere of informal learning through a conducive and friendly environment. An amalgamation of core Indian values-as envisaged in Bhavan's culture-with the best contemporary practices is what is sought to be achieved by way of our pedagogy and other domains of teaching learning process. As we strive to live up to the reputation of Bharatiya Vidya Bhavan the world over, we have also made it a point that we compete with none but revise our own benchmarks. With this spirit in mind we undertake to impart the best of early childhood education to our children. We look forward to having a wonderful and enriching experience with you and Our child.

Principal, Bharatiya Vidya Bhavan's

The GARDEN of Knowledge

What will I do here:

- Play outdoors, indoors, do yoga & eat nutritious food to develop physically.
- Learn to share, care, cooperate, accept responsibility & also learn to wait for our turn.
- Draw, paint, cut, tear, stick, sing & move to music & rhythm.
- Nature walks, ask millions of questions, solve puzzles, develop our reasoning & thinking abilities, explore, experiment & learn through firsthand experience so that the learning is permanent.
- Hear stories, read books, do role play, see puppet shows, develop language & communication skills & fantasize.
- Swim, splash & jump in the toddler's pool. Learn through our senses, celebrate all our festivals, have thematic days throughout the year.

Our Campus – the second home for children

Colourful Classrooms – The comfortable, clean and well ventilated classrooms create exactly the right kind of atmosphere for learning to take place. All classrooms are equipped with Smart boards. We do not encourage fixed seating pattern which makes the class room teaching even more innovative. A book bank and loads of teaching aids add to the attraction of each classroom.

Play Area – Gross motor development aptly takes place when the children are engaged in free play & structured play. A colourful and child friendly play station outdoors ,welcomes children with open arms to have full fun time whereas a special area is designated for structured play where the children learn to play in a team, accept challenges & defeat. Every Wednesday the students are engaged in mass PT drill. Every day before the children start their daily chores they practice deep breathing which helps them keep their minds fresh and alert.

Music & Movement – The Music & Dance room is a place most loved by kids. Here they enjoy their music & movement sessions as these help in creating a rhythm in their little bodies and also strengthen their motor skills.

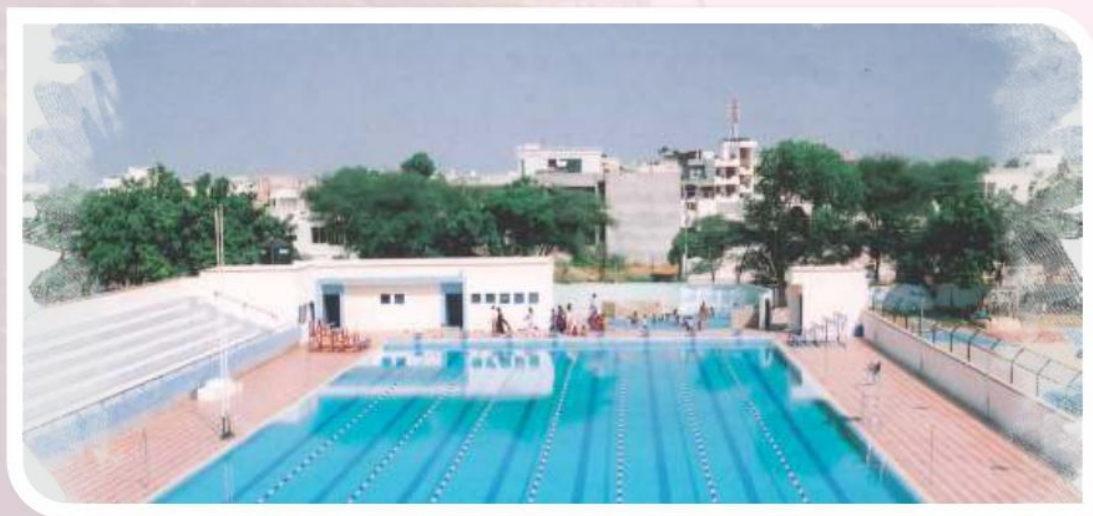

Activity Room, as the name suggests, is a hub of activities. A variety of well planned activities and competitions round the year help in developing their various skills. Their imagination, conceptualization, inquisitiveness, self expression and creativity are stimulated through clay moulding, collage making, tower building, jigsaw puzzles etc. A small wooden stage gives an opportunity to each and every Bhavanite to get involved in either group activity or solo performance.

Medical Room – A well equipped medical room with a trained nurse and first aid facilities takes care of emergencies. Regular height and weight of the child is also monitored.

Swimming Pool – Balwadi Toddlers visit the toddler's pool on the splashing day and after they enter the first standard then the International size swimming pool awaits them.

School Auditorium- Maharana Pratap Auditorium, Beri Sadan is a majestic structure with a seating capacity of 800 people .It is equipped with all the modern systems which add to the grandeur . Balwadi students get ample opportunities right from the beginning to perform on the stage of this magnificent hall.
